Electronic Gizmo List

Whether we own or borrow, check these a day or two before an event.

Display clock – rechargeable, charge for 10 hours, runs for 10 hours.

Laptop – rechargeable, charge for several hours, runs for about 4 hours.

PAYGO Smart phone – rechargeable, charge for several hours, runs for plenty.
must have wi-fi or prepay for a month of service

Printing watches – AA batteries

Bullhorn – AA batteries, extras kept with watches

Simple stopwatches – who knows, replace when they die.

Replacement is cheaper by the dozen, so when a few die, we must get another lot.
