**Subject:** OPRA request

Dear Patty,

I have the following OPRA request pursuant to the NJ Open Public Records Act.

At the June 12, 2018 board meeting, item P-4 concerned use of track and field equipment.

The resolution states that it was adopted upon the "recommendation by the Superintendent, Business Administrator, Athletic Director and Coaches."

I would like to receive copies of the recommendation or recommendations referenced, both collective recommendations showing who individually affirmed the actual presented version of such collective recommendations, and recommendations from individuals.

Electronic versions by email are fine.

If there are no responsive documents, please let me know.

Thank you.

Lawren
